

## **Frontend Developer Job Description:**

B.Wyz is on the lookout for a skilled and innovative Frontend Web Developer to join our team in Lahore! As a Frontend Developer, you will work closely with our management team and engage with clients globally to develop and implement user-friendly, visually appealing websites and web applications that reflect our brand's values and meet our strategic objectives.

### **Responsibilities:**

- Interpret and implement visual design briefs and client requirements.
- Develop functional web pages from concept to deployment.
- Write clean, scalable, and efficient code using HTML, CSS, and JavaScript.
- Ensure the technical feasibility of UI/UX designs.
- Maintain and improve websites by updating content and debugging.
- Create quality mockups and prototypes on tight timelines.
- Assist back-end developers with coding and troubleshooting.
- Maintain brand consistency throughout the design.

### **Requirements:**

- Proven experience as a Frontend Developer.
- Proficient understanding of web markup, including HTML5, CSS3.
- Understanding of UI libraries and frameworks, such as Bootstrap 5, tailwind, Material UI etc.
- W3C validators.
- Following the Figma design and Developing pixel perfect markups.
- Proficient understanding of client-side scripting and JavaScript frameworks.
- Good knowledge of image authoring tools, to be able to crop, resize, or perform small adjustments on an image. Familiarity with tools such as Gimp or Photoshop is a plus.
- Proficient understanding of cross-browser compatibility issues and ways to work around them.
- Excellent verbal communication skills.
- 

### **Benefits:**

- Competitive salary and benefits package.
- Opportunity to work on a wide range of exciting and innovative projects.
- Exposure to global clients and collaboration with an international team.
- Work in a dynamic and supportive environment.
- Be part of a creative, forward-thinking team.
